## THE NEW CENTRAL.

Mayville Very Proud of the Handsome Hotel She Now Possesses.

When the Central Hotel property was purchased several months since by Messrs. James W. Fitzgerald, H. B. Daugherty and P. Sammons, all well known citizens, it was the intention of the new owners to give Mayville the finest hotel in her history, and at the same time one of the best conducted Hotels in the state, and how well the aims of these enterprising men have been carried out can best be seen by a visit to the New Central.

After the fire some time since which damaged the old Hotel, work was commenced as soon as possible on extensive alterations and improvements throughout the entire building.

The kitchen and pantry, which suffered most, have been completely rebuilt, enlarged and newly equipped, and a new laundry room erected on the second floor.

Halls, stairways, parlors and bed rooms alike have been overhauled, repapered and repainted, handsome new carpets cover the floors, and elegant new furniture takes the place of that found in the building when the new owners came into possession.

In the dining room a new steel ceiling has been put on, the walls repapered and repainted, and to make the already band-some room complete, a new outfit of queensware and table-wares in wares have been ordered to grace the tables.

The reading room has also been remodeled, and a pleasing feature in the improvements is the toilet or bath room found on each of the three floors.

The proprietors contemplate remodeling and modernizing the front of the building this spring, and before next winter, will arrange to heat the building throughout with steam.

Messrs. Lane & Worick, Carpenters; Mr. George H. Traxel, Plumber; and Messrs. Crand and Hauck, Painters and Paperhangers, have had charge of the elegant work done on the building.

The New Central is a larger institution than is generally thought, having on its payroll twenty-two persons, thus paying out weekly quite a sum in wages alone.

Mayville may well feel proud of her handsome Hotel, and Messrs. Fitzgerald, Daugherty & Sammons are certainly to be congratulated on the success of their enterprise.

JUDGES ANOTHER JURY.

Governor Bradley's Comment in Refusing an Application for Pardon.

Governor Bradley gave another Jury a "dig" the other day.

Among a long list of applications for pardons rejected was that of Enoch and Erwin Lewis of Greenup county, convicted of malicious shooting.

On the back of the paper in this case he wrote:

"A majority of the Jury in these cases certify that the defendants are unjustly and illegally confined in the Penitentiary. In view of the fact that their confinement is by reason of the verdict of these same persons, it occurs to me that the statement is inconsistent, and a reflection on those making it. Refused."

## HEAVY RAINS

In Southern Indiana is Causing Great Alarm.

White River is Rising Rapidly and the Water is Rushing

Through the Crevices Near Hazleton at the Rate of 15 Miles an Hour—Several Railroads May Abandon Their Service Temporarily.

**EVANSTON, Ill.**, March 12.—Heavy rain Thursday afternoon and Thursday night in Southern Indiana has caused great alarm among the railroad officials of the city. The Erie and the Illinois have taken a force of men at the scenes on the wreck of the Chicago and Nashville limited near Hazelton, Ind., but they are unable to make any progress toward closing the gap in the track. The water in the river is rising rapidly and the water is rushing through the crevices at the rate of 15 miles an hour. None of the boats in the vicinity of the wreck had been recovered as of 8:30 o'clock Thursday night. The baggage car and smoker are about 100 feet from the tracks only the tops of the cars being visible. The engine has been carried by the current about 20 feet from the tracks.

W. F. Henderson, of the Henderson Comedy company, who one of the wounded was sent to Indiana. The woman in his legs is not serious.

It developed Thursday afternoon that only four lives were lost—Herbert Allen and Fireman Joe Boileau of the New York Central; the Seaford Terrier Hause, and an unknown man. Traveling cards bearing the name of J. T. Phillips, a gent's furnisher of Ft. Wayne, and a value being given this name was found in the pocket.

A telegram was received from Columbus, O., making inquiry about W. F. Fletcher, of that city, who is supposed to have been a passenger on the train. One reason of the inquiry is that the river the Louisville & Nashville may be compelled to abandon service temporarily on the west division. The bridge over the river at Maysville reported to be damaged and could not be repaired for a day or two.

The Peoria, Decatur & Evansville trains will probably be abandoned after midnight. The backwater from the rise in Black river near Graville, Ill., is rapidly covering the roadbed is that section.

### AN OHIO GIRL

Attempts Suicide in an Icetana Hotel by Shooting.

**INDIANAPOLIS, Ind.**, March 13.—A rather sensational and mysterious case is now under investigation here. On Tuesday afternoon, about 1 o'clock, Mrs. Alice Kinney, of Middlefield, O., the chambermaids were unable to enter her room during the morning, and finally the hotel manager, who had been staying about 2 o'clock in one of the bell-halls entered the room through the trasmom. He was horrified to find the young woman fully dressed, lying in the bed in a dead faint. She was immediately pistolized at her side. She had shot herself in the temple but was not yet dead. Physicians were sent for and discovered that the bullet had fractured the skull, but had not had glanced off, and they are not hopeless of saving her life. Telegrams have been sent to Middlefield in the effort to identify, but replies have not yet come.

At the bedside of the young woman was found the following note:

"To whom it may concern—Please no autopsy, I am not in my wedding clothes. I am now Mrs. Alice Doty, 10 Clinton street, Middlefield, O."

**MIDDLEFIELD, O.**, March 12.—Mrs. Alice Doty received a telegram Thursday afternoon announcing that her niece Miss Jeanie Doty had committed suicide at Indianapolis. The young woman was favorably known in this city.

Miss Doty is prostrated over the sad occurrence, and is in charge of her physician, who will allow no one to see her.

It is reported that Miss Doty has been disappointed in her love affair with a young man named Oliver Conings, an employee of the Miami Cycle works, of that city. Mr. Conings was seen, and said he knew no reason why she should have committed suicide. Left this day evening on the first train for Indianapolis and will bring the body home.

Canavarro, the Italian who is in command of the combined fleets in Cretan waters, insists upon the necessity of sending troops to quell the rebellion in Crete. The Italian government after consulting with the governments of other powers has therefore decided to send a force of troops to Crete.

**THE NEW RULES**  
For the Reception of Visitors Diminished  
by the Death of Officers-Bearers at the  
White House.

**WASHINGTON, March 12.**—There was a noticeable diminution Thursday morning in the officers' bearers who had marched on the white house since the new president entered it. Bright sunshines and balmy air made it a day to be spent outdoors rather than indoors, and may have had some effect upon the people who want to serve their country. Many gentlemen were willing, however, to stay for hours in the closely filled corridor that leads to the president's room in the hope of getting
